Over-optimism and lender liability in the consumer credit market.  
Oxford Economic Papers, 62(2), 2010(Apr): p.374-94.

#### CORRUPTION

- 22 Sharafutdinova, Gulnaz  
What explains corruption perceptions? The dark side of political competition in Russia's regions.  
Comparative Politics, 42(2), 2010(Jan): p.147-66.

Most empirical studies of corruption rely on data using perceptions of corruption as a proxy for actual corruption. While this approach might be appropriate for advanced democracies, it is less effective for hybrid regimes. In these regimes corruption allegations are often used in political battles, raising public perceptions of corruption and thus reflecting the degree of political competition rather than actual corruption. The data on public perceptions of corruption in Russian regions produced by Transparency International and the Information for Democracy Foundation (INDEM) shows that higher levels of political competition and press freedom along with lower economic development appear as the key variables contributing to higher public perceptions of corruption in Russian regions. - Reproduced.

#### E-GOVERNANCE

- 23 Vaidya, Hitesh and Matzie, Stephen  
E-governance in municipalities.  
Urban India, 29(2), 2009(Jul-Dec): p.137-48.

E-Governance combines good governance reforms with new information and communication technologies (ICT). it benefits citizens and government employees alike by enhancing management processes, service delivery, and public interface in order to provide more efficient, convenient and transparent services. Implementation of e-Governance is one of the mandatory reforms under Jawaharlal Nehru National Urban Renewal Mission (JNNURM). - Reproduced.
