Item No.323.7 Draft office replies on the suggestions/observations made by the Members in the AGM held on 31st October, 2022.

S. No.	Suggestions/Observations	Office Replies
1.	<p>DR. ASHOK BHAN</p> <p>It is a privilege to be a part of the AGM of IIPA. For senior members like me, it is an annual pilgrimage and homecoming every year. The presence of the Hon'ble Vice President and the Hon'ble Minister makes it very special for all of us.</p> <p>It gives lot of satisfaction that IIPA is seen taking positive strides and we see a qualitative change in capacity building initiatives, research and evaluation work as well as publications coming out of the Institute.</p> <p>Ladies and gentlemen, IIPA has once again started looking like a hub and nodal agency for upgradation of skills of the public servants. As the Hon'ble Vice President said, we have to catalyse a big change and, ladies and gentlemen, the agenda for the big change has already been set by the Hon'ble Minister and the Director General Shri Tripathi. Let me again use the words of the Hon'ble Vice-President that we have to make the bureaucracy perform on the front foot with a straight bat. It is a very significant statement that the Hon'ble Vice-President made – 'with the front foot and a straight bat'. I would like to compliment the Chairman, Dr. Jitendra Singh Ji and the Director General, Shri Tripathi and the Faculty for all the good work that they are doing and I wish them good luck.</p>	<p>IIPA is grateful for appreciation and kind words expressed by the Hon'ble Member.</p>
2.	<p>DR. R.R. DHANAPALL</p> <p>Today is a very great day for IIPA. We have got a very good news and assurance and guarantee from our President and Hon'ble Vice President of India, and also the Hon'ble Minister, the Chairman of the Executive Council. It has given us lot of hopes, and not only hopes, ideas and project to implement through the IIPA. This has happened only through our able administrator, our D.G and Registrar and Faculty members and our Members of IIPA. So, today is rally a proud day for the IIPA, to be elevated like anything. For the past 30 years, I</p>	<p>IIPA is grateful for appreciation and kind words expressed by the Hon'ble Member.</p>

	have been in the area of public administration.	
3.	<p>SHRI B.R. SHARMA</p> <p>Let me first and foremost thank Shri Tripathi Ji for giving me this opportunity for saying a few words. The motto right on the lecture stand says it all. So, we have seen the IIPA living up to the motto with civil service after a very long time. Although when we entered the civil service, we did read it but now actually putting in ground, I see the hard work and the meticulous planning behind all the hard work, paving the results or coming to fruition. My entire thanks for Shri Tripathi Ji and to the entire faculty of the IIPA for actualizing the motto of the civil service.</p> <p>We had the good fortune of listening to very motivating and exhilarating oration from the Hon'ble Vice President who is also the President of IIPA, and the Hon'ble Minister, Dr. Jitendra Singh Ji who happens to be the Chairman of the E.C. of the IIPA. They have laid down the roadmap for the IIPA. They have set down the targets and the milestones and they have also held out the threat that they will be held accountable when we meet next time. Probably, I think, that is a mission and that should be the target for all of us.</p> <p>We had a very fruitful discussion during the morning session. We discussed a number of new projects we have taken up and the most exciting one is the one on the district governance which I think if we read it together with what the Hon'ble Vice-President and the Hon'ble Minister had to say in this AGM and probably I think if we can do it, that, I think, will be the biggest attempt for all of us and the biggest contribution of the IIPA and the Regional and Local Branches for actually implementing the mandate.</p> <p>With this, I congratulate the IIPA, especially Shri Tripathi, for conducting this AGM very nicely.</p>	IIPA grateful for appreciation and kind words expressed by the Hon'ble Member.
4.	<p>DR. MEENAKSHI HOOJA</p> <p>First of all, I congratulate the D.G. and his entire team and all of us members who are active in this institution which started long back in the 1950s and has sustained itself, as has been mentioned, and is continuing to grow, as we have seen it. We</p>	IIPA is grateful for appreciation and kind words expressed by the Hon'ble Member.

	<p>became members long back when we became lecturers. We became member at a very young age as a life member. If this trend continues, if young people are brought in and elders also come, that will increase the strength of the Branches. In the morning we discussed this. One of my suggestions is that we can have two categories of membership. If people are taken for initial five years and then they can become Life Members, I think this will increase the membership as well as the prestige and the impact of IIPA and have a more pan Indian presence with the Regional and the Local Branches. IIPA, of course, under your leadership and earlier, played a yeoman's role in public administration.</p> <p>Two issues I would like to mention. One is that there is a need to further academics' and public administrators' interaction through institutional methods. I would say with my experience that there is a kind of boundary wall that exists. Although seminars and interactions do take place but there is need for more interaction and we are very happy that UGC is introducing this system of professors in practice.</p> <p>Another issue that is very wide is that there was a time when the senior civil servants in the beginning – 50's, early 60's – you could not imagine that they could do anything wrong, let alone do anything corrupt. They were all above board. But now things are changing and we need to look into it, though many agencies are doing these studies. We have books like how the IAS has failed the country or how the country has failed the IAS, and there are Chief Secretaries, higher level Secretaries, so many cases against senior officers. So, it is a bit worrying. There is no question that the officers are very bright as of now. They undergo lot of competition, far more than they ever did. But this trend is worrying. I keep reflecting on it, but I would like some kind of more studies on the subject. Like we have to become the world leader and we have to have an agenda for 2047, so, we should also have a corruption-<i>mukt</i> Bharat or something like that. It is a catchy slogan but the reality is very important. If you are starting Mission Karmayogi, then this feeling must go down the line and then perhaps our image will improve further.</p>	<p>Regarding the suggestion on Membership, IIPA already has the practice of Annual Membership where eligible applicant can become Annual Member of IIPA and continues to remain so by paying Membership fee each year instead of paying the Life Membership fee and becoming the Life Member. Apart from that IIPA also have 02 categories of Annual Membership i.e. Student membership as well as Associate membership.</p>
5.	DR. A.V.N. REDDY	

	<p>First, I have to appreciate the team of IIPA under the dynamic leadership of the Director General and other officers. Even in pandemic situations, wonderful work has been done by the IIPA and also we stand in a better position in comparison to whatever activities were done earlier. So, it is a major identification as, being a member of the IIPA, I have been observing for 28 years. Such situation arose in the entire world. I am glad to see how IIPA, Delhi have performed their functions and stand in a better position, particularly with regard to finances and other activities also. So, there is no disturbance in the regular activities. Not only that, these have improved more and more. IIPA taking advantage of technology and also of this particular situation to has taken up more and more activities in the IIPA headquarters and also guiding the branches to cope up with the same strength as the headquarters has done. The academic faculty, the tremendous efforts in continuously working in research areas and developing new ideas and innovations, will help the public policy makers, particularly the Government of India.</p>	<p>IIPA is grateful for appreciation and kind words expressed by the Hon'ble Member.</p>
6.	<p>DR. PRADEEP LONDHE</p> <p>I appreciate the result-oriented activities, the result orientation, that all of us are receiving from the training centre, from the academic hub of the Indian Institute of Public administration, Delhi and all over the country, the Regional and the Local Branches respectively, the training courses and various workshops which are organized every year. The accounts, the academics and the absoluteness and the details of the audit which are submitted in this current year of 2021-22 are accepted on my personal behalf as a Life Member since last 27 years, and I hope the house will also accept these.</p> <p>I would certainly add to it that the absolute communication from the office of the Registrar and the IIPA for various activities which are through IIPA is also very clear and appealing.</p> <p>There are so many other people who are going to share their thoughts and who would definitely be participating in the coming days. We also have the paper presentation tomorrow. So, with these few words, I once again thank the authority, the Chairman and the office of IIPA.</p>	<p>IIPA is grateful for appreciation and kind words expressed by the Hon'ble Member.</p>

7.	<p>DR. R.K. VERMA</p> <p>I have been a regular attendee of IIPA AGM for the last 15 years continuously. But this time I found myself in a new environment and ambience. So, it looks like that IIPA has been changed. Similarly, like Prime Minister calls 'New India', now I see that it is 'New IIPA' under the leadership of a person not only having a good vision but also having a very attractive personality. In Bhojपुरi, we say '<i>kanchan kaya, manoram chehra</i>'. </p> <p>Two-three things I must present as a member of IIPA. One, we have seen in the last three-four years that IIPA does not remain isolated as a research and evaluation institution. Rather, it has become active in public domain. Out from academic and whatever it may be, now people have come to recognize the Indian Institute of Public administration, as an institution of India and of high order. Many innovative steps have been taken in the last three years for making IIPA more vibrant. What we experienced in last two years is that the IIPA headquarters have kept all the Regional and Local Branches active and harnessed. Last year, every Branch had been given a task to discuss a flagship programme of the Government of India and by virtue of being the second in alphabetical order, I was given the 'Heritage Augmentation Programme'.</p> <p>The arrangement also is best. I do not have words to express. Earlier I have been attending the AGM and people were talking of hostel, food, accommodation, this problem, that problem, membership, election and things like that. All these were wastage of time. But now we have come to a stage that everybody wants to contribute to the venture of IIPA for making India new.</p> <p>With these words, I express my gratitude to the IIPA headquarters for recognizing the hard work and contributions of Bihar Regional Branch with an open heart.</p>	<p>IIPA is grateful for appreciation and kind words expressed by the Hon'ble Member.</p>
8.	<p>SHRI P.L. BANGA</p> <p>I wish to bring to your kind notice that you are supposed to see the Auditor's report. Whatever observations they have given, you have to reply to them in the report itself, which has not been done. So, my submission is that for future you must</p>	<p>IIPA diligently follows and comply to all the observations made by the statutory Auditor. In fact, the Auditor's report is eye-opener to IIPA also through which IIPA rectifies unintended mistakes, if any.</p>

<p>kindly take note of all the observations by the Auditors and give your reply. This is on page 127. He has given so many suggestions also which have not been looked into, regarding figures' heads, regarding bank accounts, regarding grants-in-aid. So, this may kindly be seen.</p> <p>Secondly, my submission is, you have spent a lot on this Annual Report but it has not been sent to the members. Kindly do send it. What is the purpose of getting it printed and not sending it to the members? I have got it just now by hand. So, kindly take note of it.</p> <p>You have shown 'rent receivable' as Rs.4.24 crore. Why are you not recovering it? Steps should be taken seriously. Whatever objections are raised in the Auditor's Report, should be given.</p> <p>Next, I have seen that a huge amount is lying in savings bank account in UCO Bank, running into crores of rupees. So, better you keep it in short-term deposit. It. may be available only for a week or it may be available for 15 days but do not keep the money to be used by the bankers. Crores of rupees of our money they are using without interest or at low interest.</p>	<p>All over the world as well as in Govt. of India, the practice of printing and sending Hard copies of reports are being abolished. The printing and sending report not only involve cost but also the cause for environmental degradation. The Hon'ble member knows that making paper involves cutting trees which is a cause for environmental degradation and subsequent disasters. The Hon'ble Member himself belongs to a highly vulnerable hill State, Uttarakhand which is bearing the brunt of environmental degradation caused by unabated mining, rampant destruction of Forests and unchecked urbanization which are leading to widespread disasters in Uttarakhand. Small steps lead to bigger results. The saving of trees and forests by IIPA may be very miniscule but if everybody follows these steps, perhaps we will have a better ecosystem and lesser number of disasters. Also, IIPA sends the soft copy of Annual Report to Members by email. The Hon'ble Member himself sends so may queries and regular RTIs to IIPA through emails. In any case, if any member while attending AGM wants the hard copy, IIPA provides it to him/her like it provided to the Hon'ble Member.</p> <p>IIPA takes regular steps for recovery of any pending rent. Most of the time, it is from Govt. Organizations only and so the payment may get delayed a bit.</p> <p>IIPA continuously makes short term deposits in the UCO bank itself whenever it gets grants/payments etc. However, on many occasions, the last installment of the grant from the Govt. or rent from Govt. organizations comes on 31st March late night like at 11:55 PM. As such, it is practically not possible to make deposits out of those payments. So the balance in the saving account in UCO Bank reflects huge amount at the year end.</p>
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	<p>I have been given these 22 memoranda for changes in the rules. I just want to know from which date these are applicable. Please let me know.</p> <p>Whatever notices are received by you under rule 36(2) or rule 19, kindly take notice of them. You just keep them and do not reply whether you have received them or not. At least that courtesy should be shown that you have received the notice. I can only request you to do that.</p> <p>Further, I will request you to give the breakup of administrative expenses of Rs.51,69,000. This break up should be given to me.</p> <p>Moreover, you have shown payments to the faculties as remuneration and wages. You have shown remuneration paid to faculties but you have not shown the remuneration paid to DG, He is CEO. His remuneration should have been highlighted that he has been paid so much. Whether it is less or it is more, at least we should know. It is shown everywhere in the corporate sector.</p> <p>Lastly, I would like to request you that the suggestions which have been given by the Auditor should be looked into. He has said that the unmoved balances should be reviewed at the earliest.</p>	<p>IIPA has not given any member the 22 memoranda for changes in the rules in the AGM of 2022. The Hon'ble Member may like to clarify which 22 memoranda he is talking about.</p> <p>IIPA diligently tries to provide replies to each and every query of any Hon'ble Member. However, many a times, due to huge volume of work like ongoing Training Programmes, Research Studies and other official engagements, it may not be possible to send all the replies. But kindly rest assured. IIPA extends its utmost curtesy and pays respect to all its Members who are the cornerstone of IIPA. Due to IIPA members spreading the awareness about Public Administration and Governance, not only in all the nook and corner of India but abroad also, IIPA has gained immense respect and visibility everywhere. We extend our sincere thanks to IIPA Members for this.</p> <p>The Hon'ble member may see the break up as well as any other details he thinks appropriate whenever he visit IIPA next time.</p> <p>It has not been the tradition so far. However, IIPA will look into this suggestion.</p> <p>Noted please.</p>
9.	<p>DR. ALKA SHARMA</p> <p>It is indeed my privilege to stand here and represent IIPA, J&K Regional Branch and would like to thank the Director-General Sir and the Registrar Sir for giving me also this opportunity, besides my Patron and Chairman coming over here and sharing their opinion.</p> <p>We have been working hard with regard to whatever has been going on at the national level at</p>	<p>IIPA extends its sincere thanks for the kind words.</p> <p>IIPA is actively working in collaboration and coordination with the J&K Branch. IIPA and J&K Regional Branch signed MOU with National Centre for Good Governance (NCGG), both have worked for the documentation of the National e-Governance</p>

	<p>IIPA, New Delhi. We have been trying to follow that very sincerely in our Branch in Jammu and Kashmir. Although the directions are coming from here but my Patron and Chairman are pretty particular about that we follow the directions in a very meticulous manner. So, the diligence that is flowing in our Branch from top to bottom, that is probably one of the reasons why we have been able to perform. But, Sir, I would like to place on record that yes, the Branch is doing its bit but the kind of support we are getting at the national level from IIPA, New Delhi in the form of faculty, in the form of programmes or whatever initiatives you are undertaking, the kind of participation we have been getting from your office, that has been a key mark for our Branch.</p> <p>One slight suggestion which I would like to place on record is that ours is a young Union Territory, since 2019. So, it is just three years and the Government of Jammu and Kashmir has been undertaking a lot of initiatives where IIPA happens to be a very active partner. We would like to request the Director General Sir, and the Registrar Sir that if there is any activity which the IIPA, New Delhi is taking up with the J&K Government, please put us also in the loop. It would also help us to build our resources better. Chairman Sir has told in the morning also that we are now working very sincerely on the research agendas of the region and I am sure that by next year we will be able to showcase the research acumen also of the Branch in a very effective manner.</p> <p>Congratulations to all the award winners. I would like to place on record our sincere congratulations on behalf of IIPA J&K Regional Branch to all the Paul H. Appleby Award winners and to all other awards won by the IIPA faculty and other winners.</p>	<p>Awards, training of local government members of Jammu & Kashmir and in many other programme in last two years.</p> <p>In fact, DARPG, Govt. of India has invited the J & K Regional Branch to many of its Conferences held in J & K on the suggestion of IIPA.</p>
10.	<p>DR. N. RANGARAMANUJAM</p> <p>I am very pleasantly privileged to give blessings for all of you, just as our Director General has said, I appear to be the oldest. That is all. There is no achievement. Just having become old is not an achievement.</p> <p>Of course, I have been attending almost all the AGMs for the past 15 years and I am very happy</p>	Noted with thanks.

	<p>that now a thinking has come that IIPA should be involved more and more in the general public work Whenever I go and talk with our other friends there, they used to mockingly say ‘Indian Institute of Pensioners’ Association’, which I did not relish. Not that I do not want to be called as a pensioner, nobody wants to come here and join. Now, as the Hon’ble Minister was telling, they have admitted the youngest member, a newly recruited bureaucrat. The latest admission is of 26 years only. That is very nice. In fact, that has to be taken up at all levels in the whole of the country. Wherever bureaucrats were being trained earlier, they were stationing in IIPA for a few days. It was having a very good impact in the field because whenever they come, when they go and talk to them, they will be very receptive. That is one thing,</p> <p>I feel the Regional Branches can be mandated to have a conference of all the Local Branches for having small discussions and decide about some small activities. From there we can build up a lot of work. So, that is my humble suggestion.</p> <p>My special congratulations to all the awardees and thank you very much for giving me an opportunity.</p>	<p>The Regional branches are free to hold local level Conferences inviting the Local branches in their areas. Many a times, IIPA has advised the Regional branches for the same. In fact, Maharashtra Regional branch conducted a Conference where it involved the Local branches also of Maharashtra. In this age of technology, Regional branches may conduct regular Webinars also involving the Local branches. This can be done without incurring any expenditure. If any Regional branch wants a weblink for the same, IIPA will provide it free of cost. It has been reiterated by IIPA time and again.</p>
11.	<p>DR. N.N. MISRA</p> <p>Most esteemed Director General of this esteemed organization and the learned delegates from Kashmir to Kanyakumari. <i>“Mo Jibana Pacche Narke Padithau Jagata udhara heu”</i>, by poet Bhima Bhoi and it was rightly quoted by Hon’ble Madam Droupadi Murmu while she was taking oath of the Presidency. We tried hard and started a Kendriya Vidyalaya at Rairangpur. I also salute Sir for his commendable work. I had visited Rairangpur myself and I know the truth.</p> <p>At the outset, I second whatever proposals are given over here. Secondly, I am Dr. Nagendra Nath Misra, a retired Principal and stationed at Cuttack in Odisha. I wish, under the patronage of</p>	<p>IIPA is extremely thankful for the kind words expressed by the Hon’ble Member about IIPA.</p>

Sir and the Hon'ble Chairman, Dr. Arun Rath, that the vibrancy of Cuttack Local Branch will come out. I had tried hard through the Odisha Speaker for Bharat Ratna Award for Shri T.N. Chaturvedi Ji and, Sir, from this forum, if Sir also writes a letter to the Ministry of Home affairs and the Personnel Department, I think a stalwart like Shri T.N. Chaturvedi who was the Governor of Karnataka - Karnataka also has won an award today - such a luminary in the galaxy of public administration will take recognition. I am a proud product of the Ravenshaw University, Cuttack. The Vice-Chancellor, the other day, was talking highly of our Hon'ble D.G. Sir. That only I wanted to convey in the morning. There was some misunderstanding. I am a product of Sainik School and Ravenshaw University and a gold medalist from BHU. I have no ill-will against anyone. I always salute your dictum.

Another thing is regarding the hostel facilities, these are excellent but I have a suggestion to make. For two days, the AGM and the Conference, one day coming earlier and another one day after that. So, four days. I was in NCC, an NCC Sergeant at BHU, Varanasi, There is a saying: "An Army marches on its stomach". If the hon. Secretary (Food) of the Government of India, Ministry of Food and Civil Supplies is opted as an ex-officio member, I think no Secretary will not provide food because very few members are coming and many have also become aged now.

Regarding the membership, I am happy that even the Hon'ble Minister, the esteemed Chairman of IIPA, also highlighted that it is doing well and I am sure, with more membership, Sir also will get more funds and many things he can plan out.

I was listening throughout this morning. It was excellent. Hats off to you, Sir, because in the Covid times also you were working, both you and your team with Registrar, Shri Amitabh Ranjan. So, this must be kept on record. I wish, the tribute and honour for Late Shri T.N. Chaturvedi, will be taken up. There will be no difficulty.

For young scholars, say, M. Phil or Ph.D scholars who are coming, and even retired persons like me, some more facilities, if possible, Sir, can be provided because now you are also earning more revenue because of your good management and all

	<p>those things.</p> <p><i>Where the mind is without fear and the head is held high, into that heaven of freedom, My Father, let my country awake.</i></p> <p>This is an institute of excellence and I am sure, under the dynamic leadership of the team who are sitting over here with all patience from morning till evening, it will rise and become an example not only in Asia but in the whole world.</p>	
12.	<p>DR. C. MUTHURAJA</p> <p>It is a great day in IIPA's life. I think for two and a half decades, I am with IIPA family and now I am enjoying the new highway, new digital way, new governance way in IIPA headquarters. Big salute and big thanks to IIPA D.G. and Registrar and its powerful team.</p> <p>As a member of IIPA, I have a few requests. One, the IIPA publications, at least a few publications, must be translated in regional languages or in mother tongues because very recently our Hon'ble Prime Minister requested all the Government Ministries to look after the work on regional languages or the mother tongues. I hope, IIPA will do it for regional interests.</p> <p>Thank you for acceptance. Sir, Madurai Local Branch will do the work in Tamil, with your permission, in future.</p> <p>The second request is reaching the unreached. Our Hon'ble Vice President Ji and Hon'ble Minister Ji rightly said, the demographic dividend of the young blood, the young energy, must be in IIPA. So, if possible, we will have a programme, we will have an event with all youngsters, particularly in schools and colleges, in technical institutions, higher education institutions, with IIPA focus. That will help us to reach crores and crores of young minds in India. We will try to chalk out a programme or an event or a course. This is the second request.</p> <p>The third request is, I think everything is in social media. Even the World Bank is in social media. I request the technical team of IIPA, along</p>	<p>During the meeting the Director General mentioned that IIPA has no such proposal and IIPA will not do it. We are obliged to do it in English and Hindi and these two we will continue to do till next time. But any branch, if they want to convert any of our literature in any of their local languages, we will give them full right to do it. We will not charge any royalty for that.</p> <p>IIPA is doing many Projects and Programmes by involving young minds like school students, young research scholars etc. One such programme is 'Namami Gange' programme. If any branch wants to do programmes with young minds, they are free to do so.</p> <p>The DG responded in the meeting:</p>

	<p>with DG and the Registrar, if you open Instagram, if you open Facebook, if you open any social media, the IIPA work must be prioritised. That is the work we have to do because IIPA is doing wonderful quality, inclusive and benchmarking exercises. That must be spread all over the world, not only through members, even though non-members. So, social media work must be done.</p> <p>The next point is, IIPA headquarters, particularly, if possible, DG and Registrar must visit all the branches at least once in a year, if not more. You can have a technical team of two or three members, visiting all the branches in order to spread sustained quality IIPA services across the nation. I think that will help us to reach all the regions, in all the places of India.</p> <p>Lastly, big thanks, big salute but the work must be translated to the entire world and IIPA must emerge as a global governance institution in future or at least in the coming years.</p>	<p>All of you are aware that IIPA's website is iipa.org.in. Paperless and digital is the way, faceless and useless is not the way, and Facebook is literally not the way. We are available on LinkedIn, which is a good educational platform. We will have controlled video on YouTube platform and we will communicate on each and every issue through our website as well as Twitter account. If anyone of you has any suggestion/views to offer, our Twitter account is available. You can tag it, give your opinion and if your opinion is worth replying, we will look at it.</p> <p>Some of you wanted visit of Director-General, Registrar and faculty to your institution. I will certainly make it happen. Anyone sending their tickets, we will allow them to visit your places at any point of time. We have no issues there. But IIPA is not going to spend money on that.</p>
13.	<p>SHRI K. BASKARAN</p> <p>I just record a few points about the recent past of IIPA. During the first two and a half years of Covid pandemic, the constitution of the IIPA has drastically changed. The Executive Council of IIPA was shrunk to less than half of the erstwhile E.C. IIPA being a registered society under the Societies Act, has at present, no elected member of the society to the E.C. or to the Governing Council of IIPA, though a few members of E.C. from Regional Branches are only nominated on rotational basis. In any country, if a President elected is found to be indulged in malpractices during the Presidential election, then it is judicious to oust that elected President. But beyond that if you use the President's post itself, then confusion will exist. Some time back similar situation existed in IIPA regarding the then 20 E.C. members. I hope, in future democracy and judicious access will exist in IIPA.</p>	<p>During the meeting, the Director General mentioned that time has changed. We cannot remain static. IIPA, with its due approval of competent authority, have already changed its Memorandum of Association. IIPA have no intention to make any new amendment whatsoever on any ground. Certain things have been very clearly understood. What we together can do for administration is the idea that we will discuss not what the IIPA should do for each member.</p> <p>Some members wanted the previous system to continue. When the world is changing so fast, we cannot remain static, even if it was a golden rule. History is at best a graveyard of memories. If you can learn something out of it, you are better off and if you stuck to it that what I say is the way, rest is not the way, then you will be missing the wood for the tree. IIPA has been very responsive in all these areas.</p>

14.	<p>MR. RAGHVENDRA SHUKLA</p> <p>आदरणीय महानिदेशक महोदय और हमारे निबंधक महोदय, अमिताभ रंजन साहब, हमारे हरिजन सेवक संघ के अध्यक्ष एस. के. सान्याल साहब और साथी पदाधिकारी जो यहां पर आए हैं, उन सबका अभिवादन है और सभी को प्रणाम करता हूं। हमें थोड़ा दुख हो रहा है। एक मूमेंट ऐसा आ गया है कि हम कुछ बोलना नहीं चाहते थे, लेकिन फिर भी हम यह कहना चाहते हैं कि हमारे एक साथी पी. एल. बांगा साहब हैं, उनसे हमारा पूरे वर्ष इंटरैक्शन रहता है। वे काफी कुछ लिखते रहते हैं और तमाम सूचनायें यहां से नहीं जाती हैं। हम यह रिक्वेस्ट सबसे करेंगे, आपसे, महानिदेशक महोदय से कि उनको सूचनायें भेजी जाएं।</p> <p>दूसरा, यह मंथन काफी रात भर होता रहा कि बीस मॅबर्स हटाये गये हैं जो चुनाव का डेमोक्रेटिक सिस्टम था, उसको फिर से लागू किया जाए। एक लोकतांत्रिक पद्धति थी कि सभी सदस्य बीस एग्जीक्यूटिव मॅबर्स को चुनते थे। उसको किस तरह से किया गया है या आगे किया जा सकता है, इस पर विचार करने की आवश्यकता है।</p> <p>तीसरा, महानिदेशक महोदय से हमारी कई बार वार्ता हुई है और हमने रामराज्य के बारे में कुछ रखा है कि इसको गुड-गवर्नेंस के लिए आगे बढ़ाया जाए। तमाम जो स्टडीज़ हैं, तमाम अनुभव हैं, तमाम कंजेक्शंस हैं उसके बारे में, ये सब किए जाएं, ब्रांचेज़ में भी और अपने इस कार्यालय में। इस पर विचार करते हुए आप सबको धन्यवाद और त्रिपाठी जी से अनुरोध, नमस्कार।</p>	<p>During the meeting, the Director General mentioned that IIPA will reply to every member for every query, whatever is received in proper format.</p> <p>The time has changed. We cannot remain static. IIPA, with its due approval of competent authority, have already changed its Memorandum of Association. IIPA have no intention to make any amendment whatsoever on any ground. Certain things have been very clearly understood. What we together can do for administration is the idea that we will discuss not what the IIPA should do for each member.</p> <p>Some members wanted the previous system to continue. When the world is changing so fast, we cannot remain static, even if it was a golden rule. History is at best a graveyard of memories. If you can learn something out of it, you are better off and if you stuck to it that what I say is the way, rest is not the way, then you will be missing the wood for the tree. IIPA has been very responsive in all these areas.</p>
15.	<p>SHRI RAJESH SHARMA</p> <p>I am a new member here in your family and in my family, so I thought I must express my views also on this occasion. I being a very new member of this prestigious institution, I will just pass on my compliments and thanks to all the selectors who could select my name to be a part of this institution. Since suggestions were going on, I thought I will also give two suggestions only because I have to be very brief. My first suggestion is, because the traditional ways of administration are changing, these are changing not at the public place or in the administration but in our lives also and at our homes also. So, these traditional ways of changing administration must be looked upon. One thing which actually pinches me and many other public</p>	<p>Noted with thanks.</p>

	<p>servants also is the culture of yesmanship. Maybe, I will sound awkward but that is the fact and the bitter truth which all of us are going through. So, how do we come out of this menace, IIPA must work on this in case it feels. This is one.</p> <p>The second suggestion is that we are suffering from a major disease in the society, which is the mental health these days. Are we doing enough in the society and in the administration to take care of this menace so that the leaders of tomorrow are prepared right today? So, that is another suggestion and I, in my domain, am working on this to a large extent beyond my spheres of the official duties. If needed, I can volunteer my duties to IIPA on this.</p>	
16.	<p>DR. KHWAJA SHAHID</p> <p>Let me congratulate you for such a peaceful conduct of AGM. I have seen many AGMs and I have seen lot of noise and lot of shouting and lot of disagreement and lot of disputes in AGM, but today I am really happy and proud that IIPA's AGM has been conducted in such a peaceful manner.</p> <p>Just one suggestion, Sir, after this complimentary note that during Covid and otherwise, I received on my e-mail, Newsletter from IIPA but not information about many programmes. Not only that, programmes are also not covered on digital platforms. So, if your programmes like lectures etc. are covered on Facebook or on other such digital platform, we can attend them at our own residences as we do attend in many other cases. Like you had this Dr. Rajendra Prasad Lecture. We could have attended it at home, Sir. Like that, many such programmes we can attend at home if you put them on Facebook or other such medium. So, kindly consider this. With this small suggestion, I take your permission.</p>	<p>Noted with thanks.</p> <p>During the meeting, the Director General mentioned that we have prepared a Notice Board column on our website. Being digital in nature, all these notices and information will be available on our Home Page of the IIPA website. It will be tagged to our Twitter account which is @iipa9. The same will also be tagged on our LinkedIn account which is again available on our IIPA's official address.</p> <p>Some members have given suggestions that our important webinars/seminars should be made live online. In fact, all the webinars which are common in nature, we have live telecast on YouTube channel all the time, but webinars and seminars which are addressed to a particular class, like I told you in the morning that the three Army Chiefs spoke to our APPPA participants, those are confidential things; we cannot share them, though they are very important. So, whatever can go to the public domain, we put it in our public domain, whatever is restricted to our trainees, that we do not share.</p>

17.	<p>DR. M.B. VERMA</p> <p>I have enjoyed and I was enlightened also in your Institution but I have to make some suggestions. In fact, I have completed a research project sponsored by UGC on Panchayati Raj Institutions. So, I came to know here that this institute, IIPA, is going to impart training to the panchyati raj institutions' members also because they are also part of the governance or something like that. So, I was wondering whether the members could be involved or collaborated in the process of training both ways. I would like to be a participant as well as a resource person as the topic or the case may be. But I would suggest that members should be closely involved in the process of refresher course or training and so on and so forth.</p> <p>My next and the last point is that I am not aware about your syllabus and courses and what you impart in your refresher courses and training programmes. In my mind, there are fourth generation technologies. All of us are aware of that. We may not be experts, but we know about the implications of the 4th generation technologies, like artificial intelligence, advance materials, robotics, mind-computer interface and so on and so forth. These fourth generation technologies are very relevant and important. So, everybody should know the basic implications of these technologies and whether we are taking lead in those areas. So, we should be aware of that. Like, China is doing very well in green technology. So, if we are preparing for the Vision 2047, we must be aware of the latest technologies. That will be helpful, and not only helpful, that is essential, in fact, for economy as well as in our defence preparations. So, the syllabus should be remodeled keeping in view the environment technology and all those things so that we may be able to fulfill our dream of 2047 when we are supposed to be the third largest economy and a great world power as our President said in the first session. Thanks a lot for this opportunity given to me.</p>	Noted with thanks.
18.	<p>DR. M.K. PANDEY</p> <p>I have to make two pointed suggestions. One is the outreach. All the business schools are having programmes on public policies these days, MBA in Public Policy, even in the U.S. or</p>	IIPA has strong network and collaborations with different institutions, universities, business schools of India and abroad. IIPA is actively working with IIT Roorkee,

	<p>Singapore, including IIMs and all. Our institution being on the public policy and specialized, how we can collaborate with these business schools, that is one area to be looked at. I belong to that particular business class and dealing with them. They are having a very keen interest but they are not getting all this expertise, and this institution being one of the institutions having lot of reservoir of knowledge, lot of expertise, so that collaborative approach is required and that is in the interest of the institution as well as that is the requirement of the market. So, that is one outreach. Also digital presence of IIPA, that outreach is required. So much training material, so many PowerPoint presentations, reports and so many expert reports, are available to us. These should not be kept only in our manual library. My humble suggestion to the Director-General is, let these materials be made available to all. We are into digital era and that must be available to all and all should get the benefit. Public administration should not be confined only to the bureaucrats or the administrators or the academicians; public in general should also get benefited out of this.</p> <p style="text-align: center;">So, these are the two pointed suggestions – digital presence and collaboration.</p>	<p>Pondicherry University, Panjab University, different Administrative Training Institutions (ATIs) and CTIs of India. Outside India, IIPA is collaborating with Melbourne Business School, University of Technology, Sydney, McDonough Business School, Georgetown University, Washington DC, Goldman School of Public Policy, University of California, Berkeley, Rotman School of Management, University of Toronto, Judge Business School, University of Cambridge, UK, Sciences PO, Paris, ENA, Paris, Swiss Business School, Zurich, Munich Business School etc.</p> <p>There are large number of digital contents, videos etc. which is made online by IIPA and available on YouTube, iGot and other platforms and on IIPA website also. The digital contents, courses are on varied topics like Governance, Consumer Affairs, Public Administration, Cyber Security, Cyber Laws, Stress Management, Social Policy etc.</p>
19.	<p>PROF.GANDHIJI RAI</p> <p>हमारे माननीय रजिस्ट्रार साहब से हम बोले कि हम बुजुर्गों पर एक पुस्तक लिखे हैं। हम चाहते हैं कि उपराष्ट्रपति महोदय को भेंटस्वरूप दें। बहुत बढ़िया से, बहुत सुंदर ढंग से यह संस्थान जो है, प्रगति पथ पर है, दिनों-दिन इसका विकास हो रहा है। जिस भवन में हम लोग यहां पर उपस्थित हैं, बहुत सुंदर ऑडिटोरियम भी तैयार हो रहा है। तेजस्वी पदाधिकारियों के नेतृत्व में यह और आगे बढ़ेगा, मुझे पूर्ण विश्वास है। कवि भीखन की जो बात हमने कही कि रूंधा कंठ शब्द नहीं उचरे, अब क्या करे प्राणी? मुझे कुछ कहना भी है, हम बहुत पुराने मंबर हैं। जैसे कि हॉस्टल है, मंबरस के लिए कोई आकर्षण का केंद्र होता है दिल्ली आने का कि चलिए हम लाइफ मंबर हैं, वहां हॉस्टल में हम ठहरेंगे, लेकिन ऐसा भी अनुभव है कि जाने पर कहा जाता है कि जगह नहीं है। ठीक है, जरूरी है। लेकिन हमारे जैसे सीनियर सिटीजन बहुत अधिक भीड़ नहीं लगाते। हॉस्टल का जो स्तर है, खाने का जो स्तर है, सवेरे मार्निंग वॉक करने की इच्छा होती थी, लेकिन जो हमारे पार्टनर थे, पूर्व प्रतिकुलपति Pro-Vice-Chancellor, Madan Mistri, तो बोले कि चाय आ जाने दीजिए, चाय पीकर हम लोग चलेंगे। चाय का</p>	<p>So many members spoke before the Hon'ble member Prof. Gandhiji Rai and every member has been full of praise for the upgradation and improvement in infrastructure and hostel facilities at IIPA.</p> <p>Secondly, members should understand that AGM is an event which is for the member and of the member. The members are the hosts for the AGM of IIPA. So it may not be proper for a Member to forget the larger objective of Public Administration and dwell over petty things like tea, room change etc.</p>

	<p>हम इंतजार ही कर रहे हैं, लेकिन चाय नहीं आई। यह सब पहले होता था। हम बहुत ही विनम्र निवेदन करेंगे, पदाधिकारीगण का ध्यान आकर्षित करेंगे कि यह सब नहीं होना चाहिए।</p> <p>दूसरी बात, कहने में शर्म भी मुझे लगती है, नहीं कहनी चाहिए थी। जब आए तो रूम नंबर 6 में हम चले गए। ठीक है 6 फीट 4 इंच के हम हैं, 81 ईयर्स हैं, सब कुछ ठीक है। लेकिन कल शाम को रिसेप्शन पर जो महिला हैं, वे बोलीं कि आप दूसरे रूम में चले जाइए। हम बोले कि हमारे बिहार से शशि भूषण आ रहे हैं, उनको हमारे रूम में कर दीजिए। वो बोली कि वो दूसरे रूम में हैं, आप दूसरे रूम में चले जाइए। हम क्या करें? नैन हू नीर बहे तन खीना, रूंधा कंठ शब्द नहीं उचरे। अब क्या करें प्राणी? हम कुछ बोलना चाहते हैं, बोलने की इच्छा भी है, लेकिन बोल नहीं सकते। इसलिए मैं आपसे निवेदन करना चाहूंगा कि जिस संस्थान की स्थापना प्रथम राष्ट्रपति डॉ. राजेन्द्र प्रसाद की देन है, उस संस्थान के हम लोग लाइफ मेंबर हैं। इसलिए हम उपस्थित डायरेक्टर जनरल साहब से कहते हैं, आप की पर्सनलिटी देखिए, बिहार की पर्सनलिटी है, अमिताभ रंजन की पर्सनलिटी देखिए, प्रेजेंस ऑफ माइंड क्या है, उनका oration कैसा है? सब कुछ ठीक है। इसलिए मैं निवेदन करना चाहूंगा कि हॉस्टल की दयनीय स्थिति को, मेस की दयनीय स्थिति को और जो सीनियर सिटीजंस हैं, वे क्या चाहते हैं, इस ओर आप ध्यान दें। वे दिल्ली आते हैं घूमने के लिए, थोड़ा चल रहे हैं वहां, जहां के हम आजीवन सदस्य हैं, थोड़ा बहुत ख्याल करने की जरूरत है। बाकी सब कुछ ठीक है। यहां आने के लिए आप लोगों के प्रति हम अपना आभार व्यक्त करते हैं।</p>	
20.	<p>PROF. M. SURENDER KUMAR</p> <p>I am a new member inducted as Life Member. It is my privilege to be here and I have some observation on administration. So, I would like to present certain opinions and ideas with regard to the Indian administration.</p> <p>I am facing certain problems. I am practicing at A.P. High Court and Telangana High Court and also at Supreme Court. I approached one of the Collectors in Telangana and he asked me, is it police administration? So, I want a clarification on whether Indian administration is inclusive of police administration or not? That is an important point because police people say that that public administration is concerned with revenue</p>	<p>The scope and ambit of Public Administration have grown manifold in recent times and it has encompassed many areas. Public Administration now concerns with not only Police Administration but may new areas like e-Governance, Digital transformation, Cyber Security, Judicial Administration etc. In fact, Defence Forces officers, Police officers and para-military officers form a large chunk</p>

21.	<p>MR. SANKAR KUMAR SANYAL</p> <p>In spite of all odds during the Covid 19, it has done a lot of development work and online and offline activities of IIPA. It is really praiseworthy. When we all were in our houses, IIPA was not sitting idle; they have done a lot.</p> <p>We have some suggestions from West Bengal. The Annual Report and the Audit Report of the Branch and the report of prelude conference was sent to IIPA, New Delhi in due time but we did not receive any acknowledgement from your side through e-mail or by post. I hope, we expect some acceptance or acknowledgement of these. We sent the change of the office address of our branch. That has not been approved till date. We sent new membership applications, and I also personally handed them over to the Hon'ble Director General. Though he assured us that he will do it, I hope in a short period we expect that membership should be given.</p> <p>The decision of the Executive Council that only Chairmen of the Regional and Local Branches will attend the meeting of the Regional and Local Branches should be changed because there will be no representation of the Branch if the Chairman cannot attend the meeting due to his ill health or some important engagement. So, in the absence of the Chairman, one authorized representative of the Local Branch should be allowed.</p>	<p>Noted with thanks.</p> <p>Noted. The new membership applications are scrutinized by the Screening Committee on regular intervals (like in two months) and the eligible applications are approved. The addresses and other changes of the branches which is being informed are already updated.</p> <p>As decided by the EC, Chairmen of the branches will attend the meeting and the Chairmen are informed well in advance about the meeting. Chairmen can attend physically as well as through online mode. Chairman is the fulcrum of the branch and he or she is responsible for energizing his/her branch. As such, branches should ensure that an active person should be Chairman of the branch. A practice is now evolving that persons below 75 years of age should be in active public life. As such, the branches may also like to ensure that their Chairmen should be below 75 years of age.</p>

Item No.323.8 Draft office replies on the suggestions/observations made by the Office Bearers of the Regional & Local Branches in its meeting held on 31st October, 2022.

S. No.	Suggestions/observations	Office Replies
1.	<p>Shri Swadheen Kshatriya, Chairman, Maharashtra Regional Branch said that their Branch has been looking forward to the District Level Governance project. The Branch had decided that it would give a matching of Rs.25,000 for the project as given by IIPA and invite people to do this kind of research. They are sure that it would be guided by Prof. Suresh Misra on how to locate a district which existed in 1947 because so many changes have been made in the districts that first to locate a district which existed earlier and continues as a district even today. Fortunately, some States like Maharashtra have a Department of Gazetteers and they have preserved all the Gazetteers and have also digitized them. It has been a very good project that IIPA have initiated. He thanked the Director General and Registrar and all those who have worked for that.</p> <p>The Branch has a fantastic library of about 13,000 books on public administration. The Branch conducts several activities on regular basis every year, including essay competitions and memorial lectures. The Branch had also started an award for Innovation in Public Administration and this is the eighth year they are giving this award.</p> <p>He appealed to all that one way of evoking interest in public administration is, if one would go in the district and in the field and finds young officers are doing tremendous innovations in public administration, most of them have come with the technical background. They are all IT savvy and most of them are engineers and they giving a new way of looking at public administration. So, he suggested considering whether Regional Branches could institute an award for innovation in public administration, look for innovation in their State and give some kind of token incentive for them.</p>	<p>Noted with thanks.</p> <p>IIPA congratulates and compliments the Branch for the good work done by them and conducting various activities.</p>

2.	<p>Dr. Arun Kumar Rath, Chairman, Odisha Regional Branch mentioned that the most of the members in the Branches are retired people and old age and he realized that retired people are advising the retired people. It could be looked at the age profile of the members, all are beyond 70 years of age in their Branch. They wanted to induct 100 new members but only 30-40 have come so far in the last one year. The Branch has been doing almost two programmes per month. He welcomed the proposal of the IIPA to undertake the project on District Level Administration. He informed that the Branch has selected the Mayurbhanj district, which has been the biggest tribal district of India. The Branch would try to do the study within the time limit that you have set but the time limit is too short.</p>	<p>IIPA has been encouraging the branches to send the applications of the serving Civil servants/Academicians and expediting the disposal of membership applications and almost all eligible applications had been cleared. The Branches may pursue the young people to apply for membership.</p>
3.	<p>Shri K.K. Sethi, Chairman, M.P. & Chhattisgarh Regional Branch मेरे पास दो स्टेट्स हैं हमारी एक ब्रांच है, एक और बनाने की कोशिश चल रही है। इसके काफी मेंबर्स बन गए हैं, उनकी मीटिंग भी हो रही थी। जो फार्मल सजेशन है, जो हमें मिल रहे हैं, उसका इंतजार है। जब वह आ जाएगा, तब हम आपकी तरफ भेज देंगे। कम से कम मेरी जुरिस्डिक्शन थोड़ी कम हो जाएगी। हम लोग मध्य प्रदेश में तो हर महीने जाएंगे। एक बैठक हम मध्य प्रदेश में कर रहे हैं। छत्तीसगढ़ में भी साल में कम से कम दो बैठक करते ही हैं। पिछली बार 13 अक्टूबर को रायपुर में जो रविशंकर विश्वविद्यालय है, उसके साथ मिलकर हमने मीटिंग की। विलासपुर यूनिवर्सिटी, एग्रीकल्चर यूनिवर्सिटी, रायपुर, आदि सबके साथ मिलकर किया। नेक्स्ट फेज़ में सागर के साथ, उज्जैन के साथ मिलकर किया है। अभी भी नेक्स्ट उज्जैन के साथ करने का इरादा है। सेमिनार में तो सब लोग यहां नहीं आ पाते। जो भी डिस्कशन होती है, उसकी समरी तैयार करके एक बुलेटिन के रूप में बनाते हैं और साथ में कोई एक आर्टिकल 3-4 पेज का बनाते हैं। इस तरह से 8 पेज की ए-4 साइज की हमारी बुलेटिन बन जाती है। वह हम हर महीने मेंबर्स को भेजते हैं। हमने उसमें लोकल ब्रांचेज को भी शामिल कर लिया है। इसमें जबलपुर भी है। अभी भी हमारी सीधी कोई बात तो नहीं है, लेकिन फिर भी हम लोग उनको भी भिजवा देते हैं, ताकि मध्य प्रदेश के जितने भी मेंबर्स हैं, वे उनको भिजवा दें।</p>	<p>IIPA thanks Shri Sethi for the hard work. IIPA is keen on creation of the Chhattisgarh Regional Branch and has cleared the membership applications received from Chhattisgarh State. We look forward to the inauguration of the branch.</p>

	<p>हम लोगों के यहां एक और चीज होती है। हम हर साल निबंध प्रतियोगिता करते हैं। पिछली बार जब हमने किया था, वह “कोविड का शिक्षा पर प्रभाव” टॉपिक पर था। आपको आश्चर्य होगा कि 1,457 हमें इसमें एंट्रीज मिलीं। इसकी एक वजह यह भी है कि हम लोग हर एक प्रतिभागी को सर्टिफिकेट जरूर देते हैं। चाहे सर्टिफिकेट के लालच में या जो भी हो, लेकिन कम से कम 1,457 लोगों ने इसके ऊपर कुछ लिखा और भेजा। हम लोग न्यूजपेपर पर एडवर्टाइज तो नहीं करते हैं, लेकिन जो हायर एजुकेशन के सेक्रेटरी हैं, हम उनको प्रिंट भेजते हैं, फिर अपने वाइस चांसलर्स को भेजते हैं, फिर उनसे यह रिक्वेस्ट करते हैं कि वे अपनी वेबसाइट पर डाल दें। वेबसाइट पर डाल दें तो सभी बालकों को कवर हो जाती है और अपने को आलेख आने शुरू हो जाते हैं। कई बार तो कॉलेज वाले अपनी स्वयं की प्रतियोगिता रखते हैं और उनमें से आठ-दस जो अच्छे लगते हैं, वे हमको भिजवा देते हैं। हमारे पास काफी आलेख हो जाते हैं। अभी तो कॉलेज open हैं, तो हम उनको रिक्वेस्ट भेजेंगे और सबजेक्ट के बारे में बतायेंगे। मुझे यही कहना था। बहुत-बहुत धन्यवाद।</p>	
4.	<p>Shri R. Ramani, Chairman, U.P. Regional Branch endorsed all the points made in the meeting by the Chairman of Maharashtra Branch and others have also made very interesting points. But he stressed on age profile of members and the Chairman or Vice-Chairman or whatever it is. Public administration has been just a pass time, it has become more relevant to the needs of the times. It would become relevant to the country and to the State. If that has been the goal, then it would have to think at the more basic purpose of this matter as to how to be more relevant because State Governments are not interested in Regional Branches, though some of them give some grants and other things. The State Government would be more interested in interacting with IIM rather than with the Regional Branch. That has what happens because it has high profile, it would matters. They would even interact with administrators at the Academy of Administration, Mussoorie. Does the Academy of Administration have any interaction with the IIPA for training of the</p>	<p>Noted with thanks.</p> <p>IIPA branches are autonomous and IIPA Hq does not interfere in the elections of Chairmen and other Office bearers of the branches. As such, it is for the branches to decide the age profile of their Chairmen and other Office bearers.</p> <p>IIPA is of the opinion that the branches should have good liaison and networking with the State Governments. State Governments have to be pursued regarding activities of the branches and disbursement of grants. Several branches like J & K, Maharashtra, Odisha, Karnataka, Puducherry etc. are having excellent network and liaison with their respective Governments and they are able to undertake so many academic activities in collaboration with State Governments. One's network is one's net worth. Even IIPA has now excellent liaison and network with various Ministries/Departments in Central Government apart from its parent Department, DoPT. As such, branches must have good liaison and network at their State</p>

	<p>administrators? Of course, APPPA has been there for in-service training of administrators, but why not have this training at the beginning itself, that is the question. Like IIMs, they should go in for training in public administration. Why it has not happened is again another question. He stressed upon the interface between political science and public administration. So, that is another issue the Branch has been trying to study with the cooperation of Lucknow University – interface between political science and public administration.</p>	<p>level and carry out academic activities in collaboration with the Government. It is a must for survival of the branches.</p> <p>LBSNAA and IIPA has collaboration and IIPA faculty members visit LBSNAA regularly for various training programmes.</p>
5.	<p>Dr. R.R. Dhanapall Chairman, Puducherry Regional Branch expressed his happiness to see the document on ‘District Level Governance in India’ and it has been documented up to 1956. For the rural areas, it has Panchayati Raj programme and he informed the Branch would be doing the district level documentation from that. Puducherry joined with the Union Government in 1954 only and their Branch has been 55 years old. They are continuously doing a lot of consultancy work and also working on various projects for the Government of Puducherry. He said that they are very keen to see the development of the administrative reforms in the Union Territory of Puducherry. Also, they are very happy to say that this documentation would be a very important thing for the IIPA. The impact of this project would be very useful not only for the States and Union Territories but, maybe, at the international level also.</p>	<p>Noted with thanks.</p>
6.	<p>Dr. A.V. Narsimha Reddy, Hony. Secretary, Telangana & A.P. Regional Branch appreciated the work being done by the district administration and they are working on re-organisation of public service delivery. The context of technology, the reorganization has been more important as the State of Telangana has been developing fast after bifurcation of the State. So, the criteria for this has been more important, the functions as well as the geography and the delivery. Simply they are re-organising in the context of political issues.</p>	<p>Noted with thanks.</p>

7.	<p>Dr. R.K. Verma, Hony. Secretary, Bihar Regional Branch mentioned that their Branch intends to work with Bihar Government and they have taken up recently a water resource management programme for integration of minor and major irrigation projects, which is unending. He further said that the Branch has been working on the concept of enhancing quality in public administration itself and it has launched a programme named the Research Development Programme under which they have arranged lectures of highly reputed social scientists and planning to go to colleges for attending public administration lab. They would let the students understand the concept of public administration by action.</p> <p>He mentioned that their Branch has been very much excited to have this district level project. But there are conditions in the Theme Note that the district must have existed at the time of Independence. But most of the districts in Bihar have been bifurcated in two or more than two. So, they have decided to take Patna because it has been bifurcated into Patna and Nalanda. He said that the source of history has been mostly Gazetteers, so it would depend on that and search some local literature on the district. Of course, the amount provided by the IIPA headquarters has been very small but they would arrange through other sources. He informed that one thing has been missed in the Theme Note that to see change in rural development administration. Many more participatory organisations have been involved with rural development. There should be a section on rural development administration in the district such as DRDA. Many participatory structures have been introduced and to have a specific section on rural administration.</p> <p>He requested the Director General to issue an introduction letter to the State Government authorities to cooperate with them and it would help the Branch. He informed that they have been trying for office accommodation for the Branch. He requested Director General to write a letter to the Principal Secretary to C.M. and to the Chief Secretary to provide some accommodation to the Branch.</p>	<p>This is a good initiative of the Bihar Regional branch in the field of Research. Even Director General IIPA and Registrar have also attended one Webinar on the subject undertaken by Bihar branch.</p> <p>Noted with thanks.</p> <p>The Director General wrote D.O. letters dated 14.3.2023 to the Chief Secretary of the Govt. of Bihar and Principal Secretary to the Hon'ble Chief Minister of Bihar with a copy to the Chairman and Hony. Secretary of the Branch in this regard. The Branch may follow up and pursue the matter with the Govt. of Bihar.</p>

8.	<p>Dr. Meenakshi Hooja, Rajasthan Regional Branch informed that the Branch has been fairly active and organized activities on a wide range of topics by different categories of people and there has been good participation. The last lecture they had organized in collaboration with the IAS Association and there were some serving officers who attended it. So, the Branch has been trying to have collaboration with other institutions including the HCMRIPA etc. She supported the idea of Maharashtra Branch that they are giving an award every year and they could also institute an award at the State level with the help of the Government. Earlier, the Chief Secretaries had been the Chairmen of the Branch and they had greater collaborations because their presence has not as much felt as of some other institutions. The Branch has been trying to increase the funding and collaborative exercise. She said that the idea of District Level Governance study has been very good, although it has been a fact that they have stopped these Gazetteers. Some of the Gazetteers were there. But now there are so many other sources of information. But one issue has been that Rajasthan comprised many of the Princely States. Ajmer is the only district, but that also was not a district as such. So, they have to look at one Princely State which was there during the British rule and which has continued. It would be useful and online also and more analytical than what matter has been available so far on the website.</p>	<p>IIPA appreciate the active working of the Rajasthan Regional Branch on conducting seminars, discussion sessions, prelude conferences and other efforts and plans of the branch.</p>
9.	<p>Dr. R.K. Suresh Kumar, Chairman, Kerala Regional Branch mentioned that today's main topic is 'Concept Note on Documenting District Governance in India'. This is going to be a very good document. The earlier speaker was mentioning about the Princely States in Rajasthan. In Kerala also, the Branch represents the city which represents the Princely State of Travancore which came out with a State Manual and that practice has continued like documenting the events. The District Gazetteers were also published. After the State Manual was published, the Travancore Administration in Travancore continued with this practice and when</p>	<p>During the meeting, Director General mentioned that the campus connect programmes undertaken by Kerala Branch has been a very model and novel initiative. At least an interest has been developing on public administration as a field. Otherwise, everybody wants to become an engineer, even if unemployed, but nobody wants to do public administration, even if they could become civil servants. People wants to be informed, educated, but in area where it also matters. So, it has been very good efforts by the Kerala Regional Branch. He complimented the Branch for the work done by them.</p>

<p>Travancore and Cochin were integrated also, this practice was continuing. But now the practice of publishing the District Gazetteers has been discontinued. So, after collecting the details, they would be able to go further.</p> <p>He said that the Branch has increased its membership to a great extent. The Executive Council of IIPA took a decision that to broaden the face of Regional Branches. It has been inputs from the Civil Services and the academic world that had been contributing more positively for the furtherance of the objectives of the IIPA. But today, the knowledge is being generated beyond the subjects. So, the membership base of the IIPA should be widened and broad-based. The governance structures, processes and policies are no longer the monopoly of the academic world or the Civil Services. It could be grow up by roping in different ideas in the functioning of IIPA</p> <p>The Regional Branch has conducted debates, seminars, awareness programmes, surveys, certificate courses and so on. This year, one major activity they undertook with all seriousness was for the coastal India. The Branch organized three well-attended seminars in three reputed colleges situated in Kerala's coastal region. With the help of NSS, they started a drive for cleaning up the ocean. Volunteer groups were also formed for the continuance of this scheme. This drive has been of special significance for Kerala because it has a coastal zone expanding over 590 kilometres and has a land area of only 13,800 sq. kilometers. It covers only 1.19 per cent of the total area. In a recent report I have seen, it is mentioned that the clean up drive by the Kovalam district administration alone fetched around 140 lakh kilograms of plastic waste dumped in the ocean. It has been an alarming report. Moreover, the UN has declared the period 2021-30 as the period of oceans for sustainable development. In the seminars held in the coastal area colleges, some suggestions were made and he mentioned four of them:</p> <ol style="list-style-type: none"> 1. Starting of ocean literacy programmes for 	<p>IIPA congratulates and compliments the Branch for the good work done by them and conducting various activities. IIPA has been very supportive of Membership issue and clears all eligible applications for membership speedily.</p> <p>“Swachh Sagar, Surakshit Sagar” is a programme which has been very dear to the Hon’ble Union Minister and Chairman IIPA. He has also appreciated the good work done by Kerala Regional branch in this regard.</p>

	<p>public and students.</p> <ol style="list-style-type: none"> 2. There should also be a push for policy change like ban on plastic bags etc. 3. There should also be a multi-disciplinary marine force. 4. There should be an independent Ministry to address the concerns for sustainable oceans. <p>In the last month, the Branch successfully conducted a 50 hours certificate course in advancement of public policy and governance in association with the Department of Public Administration of St. John's College. The course's highlight was an intensive research component. The first batch of 30 successful students was issued IIPA certificates in the Prelude Conference preceding the AGM of the Branch.</p> <p>Another major activity conducted by the Branch was a survey among the students under the Kerala University on the topic 'Acquisition of Additional Skills' by them during the Covid-10 lockdown period. The survey focused on :</p> <ul style="list-style-type: none"> • How they spent their time during the closure • To what extent they utilized their time. • Was there any online skill acquisition programme for them • How it was beneficial to them <p>A report was published in the form of a book. Among the future programmes, a few are as under :</p> <ul style="list-style-type: none"> • Starting of a certificate course on Indian Constitution • The Branch has also identified three federal programmes for the students from the examination. • The Branch recommends starting of an awareness programme at the national level against substances and they would be doing it because of its utmost necessity to Kerala. 	
10.	Shri B.R. Sharma, Chairman, Jammu & Kashmir Regional Branch mentioned that they are probably one Branch which has address of	During the meeting, Director General complimented the Government of Jammu and Kashmir for providing financial assistance of

	<p>its own because the State Government has been very supportive and the State Government has been regularly financing them to the extent of almost Rs.15 lakh per year and they have been able to conduct the activities. The Branch have an auditorium with 130 members capacity where they could organize the programmes. The Branch had been organizing the activities, apart from memorial lectures and capacity building exercise. The Branch has been trying to take up the address where they could fill in or assist the State Government in some of the programmes. They had identified three such programmes. One was regarding implementation of the Protection of Civil Rights Act, Prevention of Atrocities Act. The Branch also takes up the training programmes for the Nodal Officers appointed by the UT Administration, which was basically voluntary to make the people aware of the rights under the Act. The Branch had organized workshop for the police officers and also research work for the UT Administration. The Branch had also organized workshop in collaboration with the DRDO.</p> <p>Regarding the District Level Governance project, the Branch would be taking it up. The Jammu & Kashmir do not have the district structure as it has seen in British administered areas. But they would take up the Jammu district. Probably the resources may be a little bit of a problem but they would see as it goes and try to make it a good study. He further added that as regards Life membership, more and more in-service officers to be approached to become member when they joined the service. So, their affiliation or bond with IIPA gets strengthened. It has been a different assignment which would further strengthened.</p>	<p>Rs.15 lakh per year, in addition to giving land and cost of having a good building and auditorium with 130 seats capacity to the J & K Regional Branch. That has been a model for all the Branches and he complimented the Branch for their efforts.</p> <p>The Director General also said that IIPA has been grateful to all the State Governments which are providing liberal grant to IIPA Branches. Even the Government of Uttar Pradesh has provided office space to the U.P. Branch, Government of Odisha has also provided office for the functioning of the Odisha Branch. All branches had given something to IIPA and in fact, IIPA lived for the Branch and worked for them. In fact, one good thing this year has happened that all the Assistant Secretaries of 2020 Batch came to IIPA in one group. This has happened for the first time. He thanked the Hon'ble Minister, DoPT and Chairman, EC IIPA for making it happen. Earlier, a few were coming, this year all of them came to IIPA, and out of them, nine became members. So, the clue has been that all Assistant Secretaries who are going back to the State, at least welcome them in one group by IIPA branches and make them members there and start cultivating their relationship with this group of people. There are other Services' officers who are being recruited and the Branches could organise one-day seminar for them at the Branch level. So, they could be invited for one day to the Branch and they may be persuaded to become members of IIPA and it could bring down the average age of membership.</p>
11.	<p>Dr. M. Madan Babu, Chairman, Karimnagar Local Branch suggested that the Local Branches should also be involved in the study of Documentation of District level Governance project. About membership, he suggested to make categories and fix the fees on the basis of their profession and to collect</p>	<p>During the meeting, Director General informed that initially it would be for Regional Branches and not for the Local Branches in the first instance. When Regional Branches are doing the study of a district, in case a Local Branch happens to be there, they could be associated because that would be organic linkage.</p>

	the fee for life membership accordingly.	
12.	Dr. B.S. Gulshetty, Hony. Secretary, Gulbarga Local Branch informed that during the last two years because of Corona, the Branch could not have certain activities. The Branch has conducted its activities in association with Rotary Club, Gulbarga and the INTEC. They organized an event on Leisure and Tourism with special reference to the Hyderabad-Karnataka region. He informed that a blood donation camp was organized with Visvesvaraya University of Technology.	Noted with thanks.
13.	<p>Dr. Abhijit Pilkhane, Hony. Annexed as Annexure D (Page No.78-83).

Item No.323.15 Items to Report:**(i) Removal of Life membership of Shri Dharmendra Dhari Singh**

Shri Dharmendra Dhari Singh, Life Member stayed in IIPA Hostel from 10.04.2017 to 13.04.2017 and left without making payment of Rs.6021/-. He took away receipt No.131785 dated 18.4.2017 at the time of check out on 18.4.2017 and also misbehaved with Hostel staff and went away with the receipt without making full payment of the Hostel dues. IIPA sent letters to him requesting to make the outstanding dues of room rent.

Thereafter, IIPA sent a letter to Principal of Malti Dhari Singh College, Patna regarding the pending bill of Shri Dharmendra Dhar Singh as he written in the Life membership form that he is working as Lecturer in that College. On 06.09.2017, a reply was received from the Principal of Malti Dhari Singh College that there is no Lecturer named Shri Dharmendra Dhari Singh in the College.

As such, he had given false declaration that he is working as Lecturer in Malti Dhari Singh College, Patna in his Membership Application Form when applied for Life membership of IIPA.

In light of the misconduct of providing false information for IIPA membership, it has been decided to terminate his Life Membership (L-10270) of IIPA.

The Committee considered the nominations based on the criteria/guidelines as approved in the 319th E.C. meeting held on 27th September 2021 presided over by the Hon'ble Union Minister and Chairman, IIPA EC Dr. Jitendra Singh ji.

The Committee noted that all the nominations received are excellent. The Committee scrutinised each nominations thoroughly. After due deliberations, the Committee noted that Prof. Kamta Prasad has outstanding academic credentials. He has been an eminent educationist, economist, rural development, water resources and institutional development expert in academic discipline. He has been active in academic field from last 50 years and contributed very handsomely in the academic field. He has also been a Life Member of IIPA from over 42 years.

In light of the above, the Committee recommends Prof. Kamta Prasad for the Second Dr. Rajendra Prasad Memorial Award for Academic Excellence.

The Committee considered the activity reports received from the following 15 Regional and 8 Local Branches for consideration of the Award for the best performance to the Regional/Local Branches on the basis of their academic activities, publications and assets:

Regional Branches:

1. Assam
2. Bihar
3. Jammu & Kashmir
4. Jharkhand
5. Karnataka
6. Kerala
7. Maharashtra
8. Mizoram
9. Madhya Pradesh & Chhattisgarh
10. Odisha
